

Corporate Overview

PROJECT MANAGEMENT
OPERATIONS & MAINTENANCE
CONSULTING SERVICES

Blue Ocean Innovation (BOI), LLC was established in 2019 in the U.S. Virgin Islands to provide the local and Federal government and private sectors with construction services, software development, engineering, project planning, and technology consultant services. BOI is currently certified by the Department of Veterans Affairs as a small minority business and service disabled firm that has partnered with BDS Tech Group. We have experienced licensed engineers, senior program/project managers, and software developers with top secret clearance and over 25+ years of infrastructure development with the competencies to navigate multi-cultural environments.

Capabilities

Blue Ocean Innovation LLC has worked on projects across various industries to create innovative and efficient solutions tailored to meet the unique needs of our clients. We have a proven track record of delivering successful Construction Services, Software Development, Engineering, Project Planning, and Technology Consultant services that allow our clients to achieve their goals.

An innovative solutions architect with present state assessments in operational and technical road map development, an implementation specialist with pre and post-review systems focused on matrix development, performance enhancement monitoring and a management reporting system.
