

Corporate Overview

Blue Ocean Innovation (BOI), LLC is a Service-Disabled Veteran-Owned Small Business (SDVOSB) certified by the Department of Veterans Affairs, delivering mission-critical solutions to federal and local government agencies and private-sector clients since 2019. We specialize in construction services, software development, engineering, project planning, and technology consulting. Our team of licensed engineers, senior program and project managers, and software developers holds top-secret clearances and brings more than 25 years of experience in infrastructure development. We are uniquely positioned to execute complex, large-scale projects across diverse and multicultural environments.

CONSULTING SERVICES

Capabilities

Blue Ocean Innovation LLC has worked on projects across various industries to create innovative and efficient solutions tailored to meet the unique needs of our clients. We have a proven track record of delivering successful Construction Services, Software Development, Engineering, Project Planning, and Technology Consultant services that allow our clients to achieve their goals.

BOI serves as both an innovative solutions architect and a trusted implementation partner. We conduct present-state assessments to inform operational and technical roadmap development, and we specialize in pre- and post-implementation system reviews, performance matrix development, performance enhancement monitoring, and management reporting. Our proven processes are designed to deliver the following services:

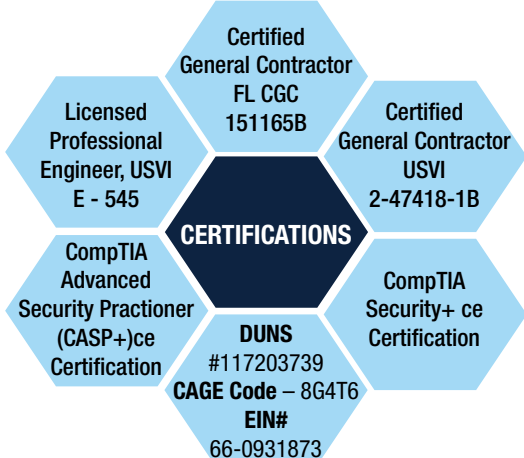

- Application/Website Design & Development
- Architecture Design Solutions
- Cybersecurity Solutions
- Database Design, Development, & Maintenance
- Cloud Based Solutions (Azure & AWS)
- Mobile Applications Design & Development
- Data Analytics and Business Intelligence

- Construction Phase Services
- Design/Build Engineering Services
- Construction Management
- Facility Maintenance
- Construction
- Engineering & Technical Services
- Professional and Business Management
- Technical Documentation and Design
- Repair and Maintenance
- Refurbishment
